The ACS/IEEE 22nd International Conference on
Computer Systems and Applications (AICCSA
2025)

19-22 October 2025

Doha, Qatar

<https://conferences.sigappfr.org/aiccsa2025/>

Technically co-sponsored by IEEE

The ACS/IEEE International Conference on
Computer Systems and Applications (AICCSA) is
the premier conference covering all contemporary
areas in computer systems and applications. It
implements an international forum for academics,
industry researchers, developers, and practitioners
to report and share groundbreaking contributions
in various IT fields that range from distributed
computing to data science, security and machine
learning. AICCSA 2025 will be held in Doha,
Qatar.

CONFERENCE
DATE
**October
19-22,
2025**

The organizing committee members are pleased to invite you to submit original contributions to AICCSA 2025 through the EasyChair submission system. Submissions may include, technical and experimental study, theoretical study, conceptual study, or a survey. All submissions will be peer-reviewed on the basis of relevance, originality, importance and clarity. The submissions should be assigned to one of the following tracks.

- Track 1: Ubiquitous, Parallel and Distributed Computing (including cloud, IoT, network, sensors, and blockchain technologies)
- Track 2: Security, Privacy, and Trust
- Track 3: Data science, knowledge engineering, and ontologies (including Information Retrieval, Big Data, Databases and Knowledge Systems)
- Track 4: Artificial Intelligence & Cognitive Systems
- Track 5: Natural Language Processing
- Track 6: Multimedia, Computer Vision, and Image Processing

Submissions Guidelines and Proceedings

Manuscripts must be prepared in 10-point font using the IEEE 8.5" x 11" two-column conference format. All papers must not exceed 8 pages and should be exported in PDF format and anonymous since IEEE AICCSA manages a double-blind review process. The official language for the conference is English.

The papers must be submitted electronically on EasyChair here:

<https://easychair.org/conferences/?conf=aiccsa2025>

Plagiarism and acknowledging the use of AI tools

All the accepted submissions will be cross-checked for plagiarism by IEEE. The papers found to be plagiarized will be rejected and not considered for publication in the proceedings.

If applicable, the authors must acknowledge the use of generative AI in the development of ideas and concepts and/or in generating content (e.g., images, text) for their paper. The authors must provide a description of the AI tool used, how the information was generated, including the prompts they used, and the date accessed. The acknowledgment could be added as a footnote or at the end of the reference section.

Best Paper and Distinguished Papers Awards

The Best Paper Award will be given to the paper that the Program Committee judges to be the best in quality, execution, and impact among all the accepted papers in the conference. For this purpose, a selection of candidate papers will be made, which will also be awarded with a diploma of Distinguished Papers.

Proceedings

Accepted papers will appear in the conference proceedings (IEEE Xplore), and be indexed in the Web of Science Core Collection databases.

The authors of selected best papers will be invited to extend their contributions for special issues.
