

| About the Conference

9th International Conference on Artificial Intelligence, Soft Computing And Applications (AISCA 2025)

February 22-23, Vancouver, Canada

Hybrid -- Registered authors can present their work online or face to face.

Important Dates

**FEB
22**

CONFERENCE
DATE
**February
22-23,
2025**

Scope & Topics

9th International Conference on Artificial Intelligence, Soft Computing And Applications (AISCA 2025) will provide an excellent international forum for sharing knowledge and results in theory, methodology and applications of Artificial Intelligence, Soft Computing and Applications. The aim of the conference is to provide a platform to the researchers and practitioners from both academia as well as industry to meet and share cutting-edge development in the field.

Authors are solicited to contribute to the Conference by submitting articles that illustrate research results, projects, surveying works and industrial experiences that describe significant advances in the following areas, but are not limited to.

Topics of interest include, but are not limited to, the following

- AI Algorithms
- Artificial Intelligence
- Artificial Intelligence tools & Applications

- Automatic Control
- Bioinformatics
- Biomedical Engineering
- CAD Design & Testing
- Computational Theories of Learning
- Computer Vision and Speech Understanding
- Data Mining and Machine Learning Tools
- Data Visualization
- E-commerce, e-medicine
- Evolutionary Computing
- Fuzzy Logic
- Fuzzy Systems
- Heuristic and AI Planning Strategies and Tools
- Hybrid Intelligent Systems
- Image processing
- Information Retrieval
- Intelligent System Architectures
- Knowledge Representation
- Knowledge-based Systems
- Machine learning
- Mechatronics
- Morphic Computing
- Multimedia & Cognitive Informatics
- Nano & Micro-systems
- Natural Language Processing
- Neural Networks
- Parallel Processing
- Pattern recognition
- Pervasive computing and ambient intelligence
- Probabilistic Reasoning
- Programming Languages
- Reactive Distributed AI
- Reasoning and Evolution
- Recent Trends and Developments
- Robotics
- Rough Sets
- Semantic Web Techniques and Technologies

- Signal or Image Processing
- Soft Computing
- Soft computing theory and applications
- Software & Hardware Architectures
- Software agents
- Symbolic machine learning
- Telecommunications
- Vision Recognition
- Wavelet
- Web Intelligence Applications & Search

Paper Submission

Authors are invited to submit papers through the conference **Submission System** by **December 21, 2024**. Submissions must be original and should not have been published previously or be under consideration for publication while being evaluated for this conference. The proceedings of the conference will be published by **Computer Science Conference Proceedings** (H index 43) in **Computer Science & Information Technology (CS & IT)** series (Confirmed).

Selected papers from **AISCA 2025**, after further revisions, will be published in the special issue of the following journals.

- **International Journal of Soft Computing (IJSC)**
- **International Journal of Artificial Intelligence & Applications (IJAIA)**
- **International Journal on Soft Computing, Artificial Intelligence and Applications (IJSCAI)**
- **Information Technology in Industry (ITII)**

Important Dates

Submission Deadline : **December 21, 2024**

Authors Notification : January 18, 2025

Final Manuscript Due : January 25, 2025

Co - Located Event

- **9th International Conference on Software Engineering and Applications (SOEA 2025)**
- **9rd International Conference on Networks and Communications (NET 2025)**
- **9th International Conference on Signal, Image Processing (SIPO 2025)**
- **6th International Conference on Machine Learning, IOT and Blockchain (MLIOB 2025)**
- **6th International Conference on Big Data & Health Informatics (BDHI 2025)**
- **6th International Conference on Data Mining and NLP (DNLP 2025)**
- **3rd International Conference on Computer Science and Machine Learning (CSML 2025)**

***** The invited talk proposals can be submitted to aisca@aisca2025.org

TOPICS OF INTEREST

2 topics

Research papers are invited in, but not limited to, the following areas:

◦ Computer Science
& Software
Engineering

◦ Artificial
Intelligence &
Machine Learning
