

 In Person  Central African Republic  September 23-24, 2024

CONFERENCE WEBSITE: <https://crgconferences.com/energyengineering>

## About the Conference

The theme of the conference is “Current Research on Energy Engineering and Technologies” provides a forum for both researchers and industrial to present and share their latest findings in all aspects of Energy Engineering and Resource Efficiency equally. Energy Engineering 2024 covers all the major and minor topics - Renewable Energy, Energy Storage, Energy Economics, Advanced Energy Systems, Energy and Artificial Intelligence, Sustainable Development and Sustainable Technology, Environmental Sustainability and Climate Change, Cleaner Production, Circular Economy, Resource Efficiency and Waste Management, Decarbonization, Net Zero Emissions and more which plays an important role to maintain a sustainable development for Future Technology.

### Important Dates

SEP  
23

CONFERENCE  
DATE  
**September  
23-24,  
2024**  
Ended

### TOPICS OF INTEREST

3 topics

Research papers are invited in, but not limited to, the following areas:

Energy & Power Systems

Uncategorized

Environmental  
◦ Science &  
Sustainability
