

| About the Conference

Multi-Disciplinary Studies and Education conferences will provide an excellent international forum for sharing knowledge and results in theory, methodology and applications of Different areas of Studies and Education. The Academic International Conference on Multi-Disciplinary Studies and Education AICMSE is a platform for researchers, scientists, scholars, students and industry professionals from around the world to present their current research, and foster alliances with peers. The goal of this Conference is to bring together researchers and practitioners from academia and industry to focus on understanding Modern engineering and applied sciences concepts and establishing new collaborations in these areas. Authors are solicited to contribute to the conference by submitting articles that illustrate research results, projects, surveying works and industrial experiences that describe significant advances in the areas of Studies and Education. The Conference will also have a space for companies andor institutions to present their innovations and research results.
