

🌐 New Caledonia 📅 June 9-12, 2025

CONFERENCE WEBSITE: <https://www.awma.org/ACE2025>

| About the Conference

A city renowned for its leadership in environmental research and technological innovation, Raleigh's proximity to the US EPA, the research triangle, and leading universities makes it the ideal venue to foster collaboration between industry leaders, researchers, and policymakers, advancing innovative solutions that promote both equity and resilience. ACE 2025 will welcome the best and brightest minds in the environmental field from industry, consulting, government, legal, and academia to gather in one place to collaborate on research, ideas, and solutions to further the goal of environmental resiliency and sustainability.

We're looking for the latest and greatest research, ideas, and solutions in the environmental industry on topics including, but not limited to:

- 2025 Mini Symposium — Collaborating for an Equitable, Resilient **environment**
- Hot Topics — Coastal Adaptation, ESG Reporting, Emissions Reductions, Electric Vehicles, Hydrogen Emissions and Challenges
- Air Emissions
- Air Quality, Measurements, Modeling
