DESCRIPTION

Call for Full Papers

For its 48th edition, the EUROGRAPHICS 2027 Full Papers Program will showcase innovative research in Computer Graphics and related areas. We invite submissions of new ideas and encourage all forms of research creativity, from all areas related to Computer Graphics, including but not limited to: rendering, modeling, animation, generative AI, deep learning for graphics, simulation, geometry processing, image/video editing, fabrication, 3D printing, computational imaging, display technologies, graphics hardware, human-computer interaction, visualization, virtual and augmented reality.

In addition to novel algorithms, Eurographics welcomes submissions introducing new datasets and benchmarks, or original experimental studies that advance computer graphics.

All submissions will undergo a double-blind two-step review process. Accepted full papers will be presented at the Eurographics 2027 conference and published in the Computer Graphics Forum journal.

Eurographics 2027 will be hosted in Pisa, Italy, on May 10th-14th, 2027.

Important Dates (all deadlines are 23:59 UTC):

[Fri] Sep. 25, 2026: ** Abstract and submission form deadline

[Thu] Oct. 1, 2026: Full paper deadline
