

CONFERENCE

IN PERSON

ACTIVE

ICII UnivBiskra 2027 : International Conference on Innovation in Insurance: Technology-Driven Transformation

LOCATION

Algeria

SUBJECT / TOPIC

General

EVENT DATES

April 28-29, 2027

LAST UPDATED

1st July, 2026

DESCRIPTION

The Central Problem:

How can insurance companies transform technology-driven innovation from isolated technological solutions into institutional transformations that reshape business models, processes, and products, while enhancing customer value and ensuring economic viability within an evolving regulatory environment?

Main Tracks:

- 1.Strategic and Organizational Capabilities for Technology-Driven Innovation in Insurance
- 2.Technology-Driven Innovation in Business Models, Products, and Operational Processes in Insurance Firms
- 3.Financial and economic Feasibility Analysis of Innovation investments in Insurance companies
- 4.Innovation in Customer Lifecycle Management in the Insurance Sector
- 5.Regulatory, Legal, and Ethical Governance of Technology-Driven Innovation in Insurance

Publication opportunities:

A selection of high-quality papers will be invited to submit substantially extended versions (approximately 35% additional scholarly content) for publication opportunities, including:

*An edited volume published by Emerald Publishing within a Scopus-indexed book series entitled: Advanced Series in Management.

*Two best papers from ICII 2027 may be considered for publication in a scopus-indexed journal: Business Perspectives and Research Journal ISSN:2278-5337 E-ISSN:2394-9937, published under SAGE

Publications subject to the journal's regular peer-review process

*A potential special issue opportunity in a Scopus-indexed academic journal. Further details will be announced at the appropriate stage.
