## ABOUT THE CONGRESS

We are pleased to announce that the 7th International Social and Economic Sciences Congress (ICSES-7) will be held online on December 17–18, 2026. The congress aims to bring together scholars, researchers, and professionals from different disciplines to exchange ideas and present their latest studies in the fields of social and economic sciences.

Our congress welcomes original research that provides new perspectives, innovative approaches, and interdisciplinary insights. ICSES-7 seeks to create an academic platform where participants can share their theoretical knowledge, empirical findings, and practical experiences, while also contributing to the advancement of scientific literature.

Through this international academic gathering, we aim to strengthen collaboration among researchers, encourage scientific dialogue, and promote the dissemination of high-quality research.
