

## | About the Conference

Medical, Medicine and Health Sciences conferences will provide an excellent international forum for sharing knowledge and results in theory, methodology and applications of Medical, Medicine and Health Sciences. The International Conference on Medical, Medicine and Health Sciences ICMMH is a platform for researchers, scientists, scholars, students and industry professionals from around the world to present their current research, and foster alliances with peers. The goal of this Conference is to bring together researchers and practitioners from academia and industry to focus on understanding Modern Medical, Medicine and Health Sciences concepts and establishing new collaborations in these areas. Authors are solicited to contribute to the conference by submitting articles that illustrate research results, projects, surveying works and industrial experiences that describe significant advances in the areas of engineering & applied sciences.
