About the Conference

International Conference on Veterinary and Livestock aims to bring together leading academic scientists, researchers and research scholars to exchange and share their experiences and research results on all aspects of Veterinary and Livestock. Each session will cover latest developments, effective and extremely active discussions between Session Chairs, Speakers, Delegates, Sponsors, Exhibitors and Conference Business Partners and Conference Academic Partners. It also provides a premier interdisciplinary platform for researchers, practitioners and educators to present and discuss the most recent innovations, trends, and concerns as well as practical challenges encountered and solutions adopted in the fields of Veterinary and Livestock.
