

📅 March 10-12, 2025

CONFERENCE WEBSITE: <https://udesa.edu.ar/call-papers>

| About the Conference

Original contributions that advance the state-of-the-art in the following areas are invited:

Applications (e.g., web, streaming, games)

Data centers and cloud computing

Energy

IoT (e.g., smart home, SCADA, ICS, embedded systems)

Measurement tools and software

Network security

User privacy

Overlays (e.g., P2P, CDNs)

Physical Layer

Routing

Social networks

Topology

Transport/congestion control

User behavior and experience, QoE

Virtualization (e.g., SDN, NFV)

Visualization

Wireless, cellular, and mobile

Replicability and reproducibility track (see below)

Although PAM traditionally attracts early stage contributions, works that are a reappraisal or

12, 2025**

independent validation of previous results, or which enhance the reproducibility of network measurement research, for instance by publishing new datasets on an existing topic, are explicitly included in PAM's scope. PAM 2025 will be held virtually.

TOPICS OF INTEREST

2 topics

Research papers are invited in, but not limited to, the following areas:

 Networking & Cloud Computing

 Internet of Things & Embedded Systems
