| About the Conference

4th International Conference on Computing and Information Technology Trends (CCITT 2025)

January 23 ~ 24, 2025, Virtual Conference

Registered authors are now able to present their work through our online platforms

Important Dates

**JAN
23**

CONFERENCE
DATE
**January
23-24,
2025**

Scope & Topics

4th International Conference on Computing and Information Technology Trends (CCITT 2025) will provide an excellent international forum for sharing knowledge and results in theory, methodology and applications of Computing and Information Technology Trends. The Conference looks for significant contributions to all major fields of the Computer Science, Compute Engineering, Information Technology and Trends in theoretical and practical aspects.

Authors are solicited to contribute to the conference by submitting articles that illustrate research results, projects, surveying works and industrial experiences that describe significant advances in the following areas, but are not limited to these topics only.

Topics of interest include, but are not limited to, the following

- Business Intelligence
- Computer Architecture and Real Time Systems

- Computer Education
- Data Science
- Database and Data Mining
- Deep Learning
- Dependable, Reliable and Autonomic Computing
- Devops Models, Practices, Challenges
- Distributed and Parallel Systems
- DSP/Image Processing/Pattern Recognition/Multimedia
- E-Learning, E-Business, Enterprise Information Systems and E-Government
- Embedded System and Software
- Fuzzy Systems
- Game and Software Engineering
- Grid and Scalable Computing
- Information Technology Management
- Intelligent Information and Database Systems
- Internet of Things
- Knowledge Management
- Machine Learning & Applications
- Mobile and Ubiquitous Computing
- Modeling and Simulation
- Multimedia Systems and Services
- Natural Language Processing & Text Mining
- Networking and Communications
- Ontology and Semantic Web
- Performance Evaluation
- Security and Information Assurance
- Scaled Agile Framework (SAFe) in the real World
- Smart cities
- Software Automation, Software as a Service (SaaS)
- Software Engineering
- Swarm Intelligence
- Theoretical Computer Science
- Web and Internet Computing

Paper Submission

Authors are invited to submit papers through the conference **Submission System** by **January 11, 2025(Final Call)**. Submissions must be original and should not have been published previously or be under consideration for publication while being evaluated for this conference. The proceedings of the conference will be published by **International Journal on Cybernetics & Informatics (IJCI)** series (Confirmed).

Selected papers from **CCITT 2025**, after further revisions, will be published in the special issue of the following journals.

- **International Journal of Information Technology Convergence and Services (IJITCS)**
- **International Journal on Computational Science & Applications (IJCSA)**
- **Advanced Computing: An International Journal (ACIJ)**
- **International Journal of Computer Science, Engineering and Applications (IJCSEA)**
- **International Journal of Distributed and Parallel systems (IJDPS)**

Important Dates

Submission Deadline : **January 11, 2025(Final Call)**

Authors Notification : January 20, 2025

Final Manuscript Due : January 21, 2025

Co - Located Event

- **4th International Conference on NLP, Data Mining and Machine Learning (NLDML 2025)**
- **4th International Conference on Automation and Engineering (AUEN 2025)**
- **4th International Conference on Education and Technology (EDUTECH 2025)**

***** The invited talk proposals can be submitted to ccitt@ccitt2025.org

TOPICS OF INTEREST

4 topics

Research papers are invited in, but not limited to, the following areas:

Computer Science
◦ & Software
Engineering

◦ Multidisciplinary
& General

◦ Mechanical
engineering

Artificial
◦ Intelligence &
Machine Learning
