| About the Conference

Do you have an innovative line of research that could captivate the AI community and help transition research into practice? Perhaps a demonstration of innovative tools, bleeding-edge research approaches, or background lectures on a targeted AI approach? We are excited to see your unique contributions and encourage you to submit your Tutorial for inclusion in FLAIRS-38 (<https://www.flairs-38.info/home>).

The upcoming deadline for FLAIRS-38 Tutorial proposals is January 13, 2025. You can find more details in the Call for Tutorials here: <https://www.flairs-38.info/call-for-tutorials>

Please consider submitting a tutorial, and please forward this message along to any colleagues who might be interested. Let's make the 38th year of our conference the best ever! I look forward to seeing you in Daytona Beach in May.
