

🌐 Norway 📅 May 14-16, 2025

CONFERENCE WEBSITE: <http://www.fruct.org/cfp37>

| About the Conference

The FRUCT Association, UiT The Arctic University of Norway, IEEE ComSoc, and IEEE Norway organize the 37th FRUCT conference. The conference will be held in a hybrid format, i.e., both the on-site and online participation are allowed.

Conference overview:

FRUCT conference is a high-quality scientific event for meeting academia and business people and setting up projects. 120+ participants from academia and industry attend the average conference. The average acceptance rate is 40%. Traditionally the conference attracts the most active and talented students to present their R&D projects, meet interesting colleagues, create new teams, and find employers and investors. The conference invites world-class academic and industrial experts to lecture on the hottest topics. We welcome everybody to submit papers and take part in the conference, presenting your research results. The FRUCT conference allows both onsite and online participation.

The conference offers a low registration fee. For further details please refer to

Important Dates

14

CONFERENCE
DATE
**May 14-16,
2025**

<http://www.fruct.org/registration>.

If you never attended FRUCT before, please refer to the program of one of the previous FRUCT conferences, e.g., <https://fruct.org/program35>. This way you can make your impression about the scope, scale, and quality of the conference.

The list of conference topics:

Artificial Intelligence in Text Analysis and Generation

Artificial Intelligence, Robotics and Automation

Big Data, Knowledge Management, Data Mining Systems

Cloud, Fog and Edge Computing and Engineering, HPC

Coding Theory, DevOps and DevSecOps Technologies

Commercialization of Technologies and Digital Economy

Emerging Wireless Technologies, 5G and beyond

Gamification, E-learning and Smart Data in Education

Internet of Things: Apps and Enabling Technologies

Location Based Services: Navigation, Logistics, Tourism

Natural Language Processing and Speech Technologies

Predictive Analytics, Probability and Statistics

Wearable Electronics: Novel Architectures and Solutions

Workshop: Investigating and Mitigating Climate Changes

Algorithms and Modeling

Artificial Intelligence Applications

Audio Pattern Recognition, Semantic Audio

Blockchain Technology and Applications
Computer Vision, Image & Video Processing
Crowdsourcing and Collective Intelligence
e-Health and Wellbeing
Intelligence, Social Mining and Web
Networks and Applications
Security and Privacy
Smart Systems and Embedded Networks
Software Design, Innovative Applications
Workshop: The DataWorld

Submissions:

You can select one of the following 3 types of submissions:

- Full papers (min 6 full pages and up to 12 pages), deadline: 3 March 2025;
- Short papers (min 2 pages, max 6 pages), deadline: 3 March 2025;
- Poster or demo summary (min 200 words, max 4 pages), deadline: 30 April 2025.

Traditionally FRUCT doesn't provide deadline extension, instead, we have an early-bird submissions mechanism. The Early-bird submission provides authors with a unique opportunity for early review of the papers, and if needed, the authors can fix the paper according to the review comments and resubmit it before the final deadline. It significantly increases the chance of getting your paper accepted, as this way you always will have a second chance to improve the paper and get another round of review.

The Early bird submission deadline is 3 February 2025.

All papers get blind peer review by the Technical Committee. We use the IEEE paper template and Full Paper submissions shall have at least 6 full pages.

Full papers to be published in the FRUCT proceedings (ISSN 2305-7254), included in IEEE Xplore, and indexed by Scopus, DBLP, Web of Science, ACM, and RSCI (VAK list). The FRUCT series is included in Scimago Journal Rank (SJR, <http://scimagojr.com/journalsearch.php?q=21100305223&tip=sid>), AMiner, CORE, and DOAJ (<https://doaj.org/toc/2343-0737>).

FRUCT has a high rating in national systems, e.g., Finnish (JUFO=1, JufoID: 72707), Norwegian (NSD=1), Danish (BFI=1, ID: 8782540).

The selected papers get an invitation to submit an extended version of the paper for publication in Scopus-indexed partner journals.

Venue:

The conference will be held at the UiT The Arctic University of Norway in the beautiful region of Narvik, just before the Norwegian Constitution Day and the beginning of polar night. We hope that this time a large part of the conference will be held in a classic face-to-face life format.

The conference also allows online participation. If you cannot come you still can join us online. But we hope that this time a significant part of the conference sections will be held in a classic face-to-face format. Come and enjoy it! We are looking

forward to meeting you in Tampere!

Have an opportunity to enjoy a great conference, and Norwegian hospitality, see real Norway, and set up new contacts with colleagues from UiT The Arctic University of Norway, and other top world universities.

Submit your paper today at
<https://www.fruct.org/submit>

We welcome you to join our Telegram channel
<https://t.me/fructorg> where you can ask questions and will receive the latest announcements and updates.

TOPICS OF INTEREST

3 topics

Research papers are invited in, but not limited to, the following areas:

 Multidisciplinary
& General

 Artificial
Intelligence &
Machine Learning

 Business &
Management
