## | About the Conference

The Process Development Symposium (PDS) Europe is a place to exchange wisdom, knowledge, tips, and personal experiences in the development and scale-up of chemical and related processes, specifically targeted to a European audience. With a technical program developed by a local organizing committee, sessions will address the needs of those working in process development in Europe.

Conference Topics:

Application of AI and Digital Transformation in the Areas of:

Energy

Decarbonization

Manufacturing of the future

Circular Processing & Products (Including) Plastics

Water

Bioprocesses for Health & Food

Digitalization

Impact assessment of Products on Health &

Environment
